The Honorable Andy Tobin
Speaker of the House
1700 W. Washington, Room 221
Phoenix, AZ 85007

Dear Representative Tobin,

Thank you for the work you, your staff, and your colleagues in the Arizona State Legislature have done to support military and overseas voters. As you know, the Federal Voting Assistance Program (FVAP) is the Department of Defense office charged with implementing the *Uniformed and Overseas Citizens Absentee Voting Act* (UOCAVA), as amended by the *Military and Overseas Voter Empowerment Act* (MOVE Act). Since the passage of the MOVE Act in 2009, State lawmakers and election officials have gone to great lengths to improve voting rules and procedures for military and overseas voters. To date,

- At least 23 States have codified the MOVE Act's 45-day prior transmission requirement into State law, with others pending.
- For the 2010 General Election, 31 States tested web-based tools designed to help military and overseas voters fill out registration and ballot request forms online, and for some States, to access a blank ballot through a secure, online download.
- Six States have adopted the Uniform Law Commission's model legislation (UMOVA).
- All but four States have eliminated witness and notary requirements for military and overseas voters.

These developments will help expand opportunity for military and overseas voters to participate in U.S. elections. There is, however, still more that can be done. With that in mind, I want to discuss the FVAP Legislative Initiatives. Each year, FVAP contacts the Chief Election Officer and the legislative leadership in each State to recommend Legislative Initiatives that, once enacted, will expand opportunity for military and overseas voters to participate in U.S. elections.

As you know, the Arizona Legislature enacted HB 2304, which, among other things, provides that an absentee ballot request (FPCA) is valid through the next general election, or another period of time no longer than two general elections, as specified by the voter. To further expand opportunity for military and overseas voters and to improve their voting experience, FVAP recommends Arizona adopt the following measures in statute or regulation:

- **Accept Federal Write-In Absentee Ballot (FWAB) in State and local elections.** Arizona currently accepts the FWAB in federal elections and as a simultaneous registration, but not in local races. Given the inherent delays in sending ballots by mail, the FWAB represents the only ballot readily available for many of these voters. Universal

adoption of the FWAB will standardize the “emergency ballot” process for military and overseas voters reduce confusion as to which form to use, and allow election officials to focus their education on a single form and its processes for timely return. Therefore, FVAP recommends States expand the use of the FWAB to include simultaneous registration, ballot request, and voted absentee ballot for federal, State and local offices.

- **Enact the Uniform Law Commission (ULC) Model Legislation.** The ULC, an interstate commission made up of State legal experts, has presented the “Uniform Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States.

These recommendations are more thoroughly outlined in the attachment below. I have also included of chart of each State’s adoption of FVAP’s recommendations.

Please do not hesitate to contact my staff or me. We will be happy to provide research, sample language, or testimony—anything that will assist you in serving military and overseas voters.

Sincerely,

Bob Carey
Director, Federal Voting Assistance Program

2012 FVAP Legislative Initiatives for Arizona

In addition to the explanation of need for each of the Legislative Initiatives detailed below, draft legislative language is provided. This language is derived from the legislative language provided in the Uniform Military and Overseas Voters Act (UMOVA), drafted by the Uniform Law Commission in June 2010. A complete copy of the model legislation can be found at www.umova.org. A copy of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) as amended by the Military and Overseas Voter Empowerment (MOVE) Act is available at: <http://www.fvap.gov/resources/media/uocavalaw.pdf>.

Note: An updated 55-State /Territory Legislative Initiative comparison chart is available at: (Website address TBD by 15 November 2011).

Expanded Use of Federal Write-In Absentee Ballot

FVAP continues to encourage and assist Uniformed Service and overseas voters to greatly increase the use of the Federal Write-in Absentee Ballot (FWAB). Given the inherent delays in sending ballots by mail, the FWAB represents the only ballot readily available for many of these voters. Therefore, FVAP recommends States expand the use of the FWAB to include simultaneous registration, ballot request, and voted absentee ballot for federal, State and local offices for the elections required by the MOVE Act: general, primary (including Presidential Preference primary), special, and runoff. In expanding the use of the FWAB in this manner, individually-developed State Write-In Ballots will no longer be needed, and FVAP recommends they be replaced with the FWAB alone. Universal adoption of the FWAB will standardize the “emergency ballot” process for military and overseas voters reduce confusion as to which form to use, and allow election officials to focus their attention on a single form and its processes for timely return.

Sample Language

(1) An absent uniformed services voter or overseas voter may use a Federal Write-In Absentee Ballot, in accordance with the provisions of the Uniformed and Overseas Citizens Absentee Voting Act, 42 U.S.C. Section 1973ff, to vote for all offices in any general, special, primary, or runoff election for Federal, State, or local government office, or a ballot measure.

(2) An absent uniformed services voter or overseas voter may use the declaration accompanying a federal write-in absentee ballot to apply to register to vote simultaneously with the submission of the federal write-in absentee ballot[, if the declaration is received by [insert this state’s voter registration deadline for that election]]. [If the declaration is received after that date, it must be treated as an application to register to vote for subsequent elections.]

Adoption of Recommendations of the Uniform Law Commission

The Uniform Law Commission (ULC), an interstate commission made up of State legal experts appointed and elected by their State governments or commissions, has presented the “Uniform

Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States. This model legislation is endorsed by the Alliance of Military and Overseas Voting Rights, the American Bar Association, and the Council of State Governments, as well as being included in the Council’s list of Suggested State Legislation.

Some States currently have statutory provisions that go beyond the recommendations of the UMOVA, providing greater opportunities for military and overseas voters. While FVAP encourages adoption of the UMOVA language for uniformity, care must be taken to avoid regressing by adopting legislation that is less than what is already provided by State law. FVAP and the Uniform Law Commission both stand ready to assist States in legislative drafting to optimize both voter opportunity and standardization. Further information on UMOVA is available at www.umova.org.

Sample Language Notes

DOD, including FVAP and the Defense State Liaison Office staff, as well as the Uniform Law Commission, nationally and in the various states, stand ready to assist States in legislative drafting and passage of UMOVA in the various States to optimize both voter opportunity and minimum standardization.

UMOVA is best passed by minimal amendment to the draft act as a whole, rather than trying to lift the language and place it in various places in a State Code. This is one of those situations where “the whole is greater than the sum of the parts.” Further information on the UMOVA draft language is available at www.umova.org.
