The Honorable Sal Pace  
House Minority Leader  
Colorado State Capitol  
200 E. Colfax  
Denver, CO 80203

Dear Representative Pace,

Thank you for the work you, your staff, and your colleagues in the Colorado General Assembly have done to support military and overseas voters. As you know, the Federal Voting Assistance Program (FVAP) is the Department of Defense office charged with implementing the *Uniformed and Overseas Citizens Absentee Voting Act* (UOCAVA), as amended by the 2009 *Military and Overseas Voter Empowerment Act* (MOVE Act). Since the passage of the MOVE Act in 2009, State lawmakers and election officials have gone to great lengths to improve voting rules and procedures for military and overseas voters. To date,

- At least 23 States have codified the MOVE Act's 45-day prior transmission requirement into State law, with others pending.
- For the 2010 General Election, 31 States tested web-based tools designed to help military and overseas voters fill out registration and ballot request forms online, and for some States, to access a blank ballot through a secure, online download.
- Six States have adopted the Uniform Law Commission's model legislation (UMOVA).
- All but four States have eliminated witness and notary requirements for military and overseas voters.

These developments will help expand opportunity for military and overseas voters to participate in U.S. elections. There is, however, still more that can be done. With that in mind, I want to discuss the FVAP Legislative Initiatives. Each year, FVAP contacts the Chief Election Officer and the legislative leadership in each State to recommend Legislative Initiatives that, once enacted, will expand opportunity for military and overseas voters to participate in U.S. elections.

As you know, this year the Colorado General Assembly enacted HB 1219, the Uniform Military and Overseas Voters Act (UMOVA). As one of the six States to adopt UMOVA, Colorado has proven itself to be a leader in supporting military and overseas voters. To further expand opportunity for military and overseas voters and to improve their voting experience, FVAP recommends Colorado adopt the following measure in statute or regulation:

- **Permit Late Registration Procedures.** Colorado permits remote late registration for military members, but not for overseas citizen voters. Accordingly, military family members and overseas citizens who return to the U.S. in between the registration

deadline and the election are unable to vote. FVAP recommends Colorado harmonize its regulations so that all military and overseas voters are entitled to register beyond the registration deadline.

This recommendation is more thoroughly outlined in the attachment below. I have also included a chart of each State's adoption of FVAP's recommendations.

Please do not hesitate to contact my staff or me. We will be happy to provide research, sample language, or testimony—anything that will assist you in serving military and overseas voters.

Sincerely,

Bob Carey  
Director, Federal Voting Assistance Program

### **Late Registration Procedures**

Recently discharged Uniformed Service members and their accompanying families or overseas citizens returning to the U.S., may become residents of a State just before an election, but not in time to register by the State's deadline and vote. The adoption of special procedures for late registration would allow these citizens to register and vote in the upcoming election.

### **Sample Language**

*An individual who has been discharged or separated from the Uniformed Services, the Merchant Marine, an accompanying family member, or a citizen who is returning from outside the United States, too late to register by the regular State deadline shall be entitled to register and vote in that election if they so notify the registrar for the address at which they claimed as their residence prior to the discharge or return to the United States before the day of the election, and if they would otherwise have been qualified to register to vote.*
