

FEDERAL VOTING ASSISTANCE PROGRAM

Department of Defense
Rosslyn Plaza North
1777 North Kent Street
14th Floor, Suite 14003
Arlington, VA 22209-2162

November 16, 2011

Mr. Rupert Borgsmiller
Executive Director
State Board of Elections
1020 S. Spring St.
Springfield, IL 62704

Dear Mr. Borgsmiller,

Thank you for the work you, your staff, and your colleagues in the Illinois General Assembly have done to support military and overseas voters. As you know, the Federal Voting Assistance Program (FVAP) is the Department of Defense office charged with implementing the *Uniformed and Overseas Citizens Absentee Voting Act* (UOCAVA), as amended by the 2009 *Military and Overseas Voter Empowerment Act* (MOVE Act). Since the passage of the MOVE Act, State lawmakers and election officials have gone to great lengths to improve voting rules and procedures for military and overseas voters. To date,

- At least 23 States have codified the MOVE Act's 45-day prior transmission requirement into State law, with others pending.
- For the 2010 General Election, 31 States tested web-based tools designed to help military and overseas voters fill out registration and ballot request forms online, and for some States, to access a blank ballot through a secure, online download.
- Six States have adopted the Uniform Law Commission's model legislation.
- All but four States have eliminated witness and notary requirements for military and overseas voters.

These developments will help expand opportunity for military and overseas voters to participate in U.S. elections. There is, however, still more that can be done. With that in mind, I want to discuss the FVAP Legislative Initiatives. Each year, FVAP contacts the Chief Election Officer and the legislative leadership in each State to recommend Legislative Initiatives that, once enacted, will expand opportunity for military and overseas voters to participate in U.S. elections.

As you know, the Illinois General Assembly this year enacted SB 1586, which codifies the federal 45-day prior ballot transmission requirement. FVAP supports this change. Previously, Illinois has adopted a number of Legislative Initiatives recommended by FVAP, including employing multiple electronic means of transmission. To further expand opportunity for military and overseas and to improve their voting experience, FVAP recommends Illinois adopt the following measures in statute or regulation:

- **Expand use of the Federal Write-In Absentee Ballot (FWAB).** Illinois currently counts the FWAB for all federal elections but not in State and local elections. Given the inherent delays in sending ballots by mail, the FWAB represents the only ballot readily available for many of these voters. Universal adoption of the FWAB will standardize the “emergency ballot” process for military and overseas voters, reduce confusion as to which form to use, and allow election officials to focus their education on a single form and its processes for timely return. Therefore, FVAP recommends States expand the use of the FWAB to include simultaneous registration, ballot request, and voted absentee ballot for federal, State and local offices.
- **Enact the Uniform Law Commission (ULC) model legislation.** The ULC, an interstate commission made up of State legal experts, has presented the “Uniform Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States.
- **Extend the period of registration and absentee ballot request validity.** Absentee ballot applications, including the Federal Post-Card Application (FPCA), submitted by military and overseas voters, should be valid for all elections from the date the application is submitted through the next federal general election. While the MOVE Act repealed the prior federal requirement that States send absentee ballots for two general election cycles after the application was made, limiting validity to a single calendar year produces significant problems for military and overseas voters, especially in States with early Presidential Preference Primaries and for special elections. FVAP, therefore, recommends States move to a one general election rule for ballot application FPCA validity. *This Legislative Initiative is new for 2012.*

These recommendations are more thoroughly outlined in the attachment below. I have also included a chart of each State’s adoption of FVAP’s recommendations.

Please do not hesitate to contact my staff or me. We will be happy to provide research, sample language, or testimony—anything that will assist you in serving military and overseas voters.

Sincerely,

Bob Carey
Director, Federal Voting Assistance Program

2012 FVAP Legislative Initiatives for Illinois

In addition to the explanation of need for each of the Legislative Initiatives detailed below, draft legislative language is provided. This language is derived from the legislative language provided in the Uniform Military and Overseas Voters Act (UMOVA), drafted by the Uniform Law Commission in June 2010. A complete copy of the model legislation can be found at www.umova.org. A copy of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) as amended by the Military and Overseas Voter Empowerment (MOVE) Act is available at: <http://www.fvap.gov/resources/media/uocavalaw.pdf>.

Note: An updated 55-State /Territory Legislative Initiative comparison chart is available at: (Website address TBD by 15 November 2011).

Expanded Use of Federal Write-In Absentee Ballot

FVAP continues to encourage and assist Uniformed Service and overseas voters to greatly increase the use of the Federal Write-in Absentee Ballot (FWAB). Given the inherent delays in sending ballots by mail, the FWAB represents the only ballot readily available for many of these voters. Therefore, FVAP recommends States expand the use of the FWAB to include simultaneous registration, ballot request, and voted absentee ballot for federal, State and local offices for the elections required by the MOVE Act: general, primary (including Presidential Preference primary), special, and runoff. In expanding the use of the FWAB in this manner, individually-developed State Write-In Ballots will no longer be needed, and FVAP recommends they be replaced with the FWAB alone. Universal adoption of the FWAB will standardize the “emergency ballot” process for military and overseas voters, reduce confusion as to which form to use, and allow election officials to focus their education on a single form and its processes for timely return.

Sample Language

(1) An absent uniformed services voter or overseas voter may use a Federal Write-In Absentee Ballot, in accordance with the provisions of the Uniformed and Overseas Citizens Absentee Voting Act, 42 U.S.C. Section 1973ff, to vote for all offices in any general, special, primary, or runoff election for Federal, State, or local government office, or a ballot measure.

(2) An absent uniformed services voter or overseas voter may use the declaration accompanying a federal write-in absentee ballot to apply to register to vote simultaneously with the submission of the federal write-in absentee ballot[, if the declaration is received by [insert this state’s voter registration deadline for that election]]. [If the declaration is received after that date, it must be treated as an application to register to vote for subsequent elections.]

Adoption of Recommendations of the Uniform Law Commission

The Uniform Law Commission (ULC), an interstate commission made up of State legal experts appointed and elected by their State governments or commissions, has presented the “Uniform

Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States. This model legislation is endorsed by the Alliance of Military and Overseas Voting Rights, the American Bar Association, and the Council of State Governments, as well as being included in the Council’s list of Suggested State Legislation.

Some States currently have statutory provisions that go beyond the recommendations of the UMOVA, providing greater opportunities for military and overseas voters. While FVAP encourages adoption of the UMOVA language for uniformity, care must be taken to avoid regressing by adopting legislation that is less than what is already provided by State law. FVAP and the Uniform Law Commission both stand ready to assist States in legislative drafting to optimize both voter opportunity and standardization. Further information on UMOVA is available at www.umova.org.

Sample Language Notes

DOD, including FVAP and the Defense State Liaison Office staff, as well as the Uniform Law Commission, nationally and in the various states, stand ready to assist States in legislative drafting and passage of UMOVA in the various States to optimize both voter opportunity and minimum standardization.

UMOVA is best passed by minimal amendment to the draft act as a whole, rather than trying to lift the language and place it in various places in a State Code. This is one of those situations where “the whole is greater than the sum of the parts.” Further information on the UMOVA draft language is available at www.umova.org.

Ballot Application FPCA Validity

This Legislative Initiative has been added for 2012. Absentee ballot applications, including the Federal Post-Card Application (FPCA), submitted by military and overseas voters, should be valid for all elections from the date the application is submitted through the next federal general election. In 2009, the MOVE Act repealed Section 104 of UOCAVA, which had required States to treat absentee ballot applications from military and overseas voters as valid through two general election cycles. Since the repeal, some States have limited the validity of ballot applications to the calendar year in which they are submitted. This is a concern in Presidential election years, when some States hold early primaries and voters need to submit a ballot application in the previous calendar year. FVAP, therefore, recommends States move to a one general election rule for ballot application FPCA validity.

Sample Language

A covered voter who provides an electronic-mail address may request that the voter's application for a military-overseas ballot be considered a standing request for electronic delivery of a ballot for all elections held through December 31 of the year following the calendar year of the date of the application or another shorter period the voter specifies[, including for any runoff elections that occur as a result of such elections]. An election official shall provide a military-overseas ballot to a voter who makes a standing request for each election to which the request is applicable. A covered voter who is entitled to receive a military-overseas ballot for a primary election under this subsection is entitled to receive a military-overseas ballot for the general election.
