

MyVote is an online system that the Washington State Secretary of State's Office developed about two years ago. While I have attached some screen shots, I strongly encourage you to see it for yourself:

1. Go to [www.vote.wa.gov](http://www.vote.wa.gov) <<http://www.vote.wa.gov/>> and click the MyVote icon on the right side of the screen.
2. Type in [REDACTED] with dob [REDACTED]
3. The MyVote program provides information tailored to each registered voter:
  - a. Voter registration confirmation
  - b. A personalized Voters' Pamphlet (Primary is next Tuesday 8/17/10)
  - c. Ballot Drop Box and Voting Service Center locations (vote-by-mail in Washington in place of poll sites)
  - d. History of Voting
  - e. Elected Officials (everything from President down to local offices like Fire Commissioner)
