

November 16, 2011

The Honorable Margarita Prentice  
President Pro Tempore of the Senate  
312 Legislative Building  
PO Box 40411  
Olympia, WA 98504-0411

Dear Senator Prentice,

Thank you for the work you, your staff, and your colleagues in the Washington State Legislature have done to support military and overseas voters. As you know, the Federal Voting Assistance Program (FVAP) is the Department of Defense office charged with implementing the *Uniformed and Overseas Citizens Absentee Voting Act* (UOCAVA), as amended by the 2009 *Military and Overseas Voter Empowerment Act* (MOVE Act). Since the passage of the MOVE Act, State lawmakers and election officials have gone to great lengths to improve voting rules and procedures for military and overseas voters. To date,

- At least 23 States have codified the MOVE Act's 45-day prior transmission requirement into State law, with others pending.
- For the 2010 General Election, 31 States tested web-based tools designed to help military and overseas voters fill out registration and ballot request forms online, and for some States, to access a blank ballot through a secure, online download.
- Six States have adopted the Uniform Law Commission's model legislation.
- All but four States have eliminated witness and notary requirements for military and overseas voters.

These developments will expand opportunity for military and overseas voters to participate in U.S. elections. There is, however, still more that can be done. With that in mind, I want to discuss the FVAP Legislative Initiatives. Each year, FVAP contacts the Chief Election Officer and the legislative leadership in each State to recommend Legislative Initiatives that, once enacted, will expand opportunity for military and overseas voters to participate in U.S. elections.

As you know, the Washington Legislature enacted two measures in 2011 to improve voting for military and overseas citizens. One, HB 1000, offers voters multiple means of electronic transmission to both receive and return ballots. A second, SB 5171, codifies the federal requirement to transmit ballots to voters at least 45 days prior to primary, general, and federal elections. Having already adopted many of the FVAP Legislative Initiatives, Washington is a leader in supporting military and overseas voters. To further expand opportunity for military and overseas voters and to improve their voting experience, FVAP recommends Washington adopt the following measures in statute or regulation:

- **Enact the Uniform Law Commission (ULC) Model Legislation.** The ULC, an interstate commission made up of State legal experts, has presented the “Uniform Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends that the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States.

These recommendations are more thoroughly outlined in the attachment below. I have also included a chart of each State’s adoption of FVAP’s recommendations.

Please do not hesitate to contact my staff or me. We will be happy to provide research, sample language, or testimony—anything that will assist you in serving military and overseas voters.

Sincerely,

Bob Carey  
Director, Federal Voting Assistance Program

## **2012 FVAP Legislative Initiatives for Washington**

In addition to the explanation of need for each of the Legislative Initiatives detailed below, draft legislative language is provided. This language is derived from the legislative language provided in the Uniform Military and Overseas Voters Act (UMOVA), drafted by the Uniform Law Commission in June 2010. A complete copy of the model legislation can be found at [www.umova.org](http://www.umova.org). A copy of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) as amended by the Military and Overseas Voter Empowerment (MOVE) Act is available at: <http://www.fvap.gov/resources/media/uocavalaw.pdf>.

Note: An updated 55-State /Territory Legislative Initiative comparison chart is available at: (Website address TBD by 15 November 2011).

### **Adoption of Recommendations of the Uniform Law Commission**

The Uniform Law Commission (ULC), an interstate commission made up of State legal experts appointed and elected by their State governments or commissions, has presented the “Uniform Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends that the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States. This model legislation is endorsed by the Alliance of Military and Overseas Voting Rights, the American Bar Association, and the Council of State Governments, as well as being included in the Council’s list of Suggested State Legislation.

Some States currently have statutory provisions that go beyond the recommendations of the UMOVA, providing greater opportunities for military and overseas voters. While FVAP encourages adoption of the UMOVA language for uniformity, care must be taken to avoid regressing by adopting legislation that is less than what is already provided by State law. FVAP and the Uniform Law Commission both stand ready to assist States in legislative drafting to optimize both voter opportunity and standardization. Further information on UMOVA is available at [www.umova.org](http://www.umova.org).

### **Sample Language Notes**

*DOD, including FVAP and the Defense State Liaison Office staff, as well as the Uniform Law Commission, nationally and in the various states, stand ready to assist States in legislative drafting and passage of UMOVA in the various States to optimize both voter opportunity and minimum standardization.*

*UMOVA is best passed by minimal amendment to the draft act as a whole, rather than trying to lift the language and place it in various places in a State Code. This is one of those situations where “the whole is greater than the sum of the parts.” Further information on the UMOVA draft language is available at [www.umova.org](http://www.umova.org).*
