If you have already registered but have not received a State ballot for the November 6th General Election, go to FVAP.gov and use the back-up, Federal Write-In Absentee Ballot (FWAB). For each office listed, select or write-in either a candidate's name or their party designation. If you receive your State ballot after submitting the FWAB, vote and return the State ballot as well. You will only receive one vote as the State will only count your FWAB if the State ballot is not received by the deadline. If your State ballot is received by the deadline your State ballot will be counted and the FWAB will be disregarded.
