For Military Spouses and Families Voting Absentee

Instructions

This outreach toolkit can support your organization in its efforts to help eligible spouses and family members of active duty military members vote absentee in the 2022 elections — from anywhere in the world.

You're welcome to **customize and publish the following shared content on digital channels** in order to reach military families living away from their voting residence.

Available content includes:

- Shareable graphics and template short-form posts for social media (Facebook, Instagram, LinkedIn, Twitter, etc.)
- Suggested long-form post content for blog, message board or LinkedIn
- Suggest blurb content for e-newsletter or website
- Infographic

Active duty military members stationed away and their families need extra time to vote absentee. There are three elections in 2022, so it's never too early to share this information. For the General Election on November 8, 2022, it's best to share by mid-July so voters have time to register and request a ballot by August 1, 2022 (though state deadlines may be later).

2 simple steps for military families to vote from anywhere

On base? In a military city? Living overseas? No matter where you are, you can vote.

If you or your spouse are living away from your voting residence, your military family can still vote absentee this election year. Here's how:

1. Register to vote and request your ballot in one easy step.

[Fill out the Federal Post Card Application \(FPCA\)](#) and send it to your election office by August 1 (or later depending on your state) for the General Election on November 8, 2022.

Find your state deadlines, election office's contact and other helpful information on [FVAP.gov](#).

Your voting residence (the U.S. state or territory where you are registering to vote) is likely your legal residence. [Here's how to determine your voting residence](#). The Military Spouse Residency Relief Act (MSRRA) now allows you to use the same residence that your Service member has established as your voter residence—even if you've never been physically present there.

Using the FPCA ensures that your state will send your ballot to you at least 45 days before the election — a protection not guaranteed when using other forms. It's a good idea to send in a new FPCA every January and each time you move.

2. Fill out and send in your ballot when it arrives.

For the general election, you should receive your ballot by early October.

Vote and send back your ballot as soon as you receive it. The recommended vote-by dates are:

- October 24, 2022 if you're outside the U.S.
- October 31, 2022 if you're stateside

If you requested your ballot but haven't received it, [contact your election office](#) to ask about the status of your ballot request.

If there isn't enough time to receive and send back your ballot before the election, [use the Federal Write-In Absentee Ballot \(FWAB\)](#). It works like a backup ballot. If your official absentee ballot arrives after sending in the FWAB, fill out and send in the official ballot too. Only one will be counted.

After you send in your ballot, you can check if it was received by your election office. Get started at [FVAP.gov](#).

Second, when your ballot arrives, fill it out and send it in.

The Federal Voting Assistance Program makes it that simple. Get anything else you need to vote absentee at [FVAP.gov](https://www.fvap.gov).
